This Seed Is for You If You Want to Know How Not to Run Life's Marathons-James Parks 2020-11-11 Life is a marathon and each one must choose how they will run, either to win or to lose.
This book was written to encourage others to choose wisely. Run to win. The world has much to offer that has the power to destroy a life. It comes easy but with a big price and only with your permission. The road of destruction is Satan’s plan (the lust of the flesh, the lust of the eyes, and the pride of life) is wide open, but the narrow road (Jesus Christ) leads to freedom and victory. The things of this world will someday pass away; choose the things that will last, lay up treasures in heaven, and trust God to lead. He has a good plan and a purpose for your life.

You Can Be Free...If You Want To! - James Wesley Smith 2008-12-01

"God hath not given us the spirit of fear; but of power, and of love, and of a sound mind." (2 Timothy 1: 7 KJV) This book and the teaching it contains clearly demonstrate
how the power of God can set the captives free and prepare people for His Glory. Drawing on his many years of experience, Dr Smith explains how God can minister to the broken and enslaved. Ties that have bound people for years can be broken so that despair can be changed to joy. Lives can, he asserts, be changed from fear, desperation and hopelessness to ones that exude fulfilment, purpose and happiness. Too many people are weighed down by the sheer volume of their difficulties and appear to given up on ever finding peace. This book will inspire and give cause for hope as it so vividly explains the power of God to set at liberty those who are ensnared by the wiles of Satan. Using practical examples, based on his international ministry and personal experience, Dr Smith shows what it is possible to achieve and what an awesome God we are called to serve. Carefully study this book, as it could literally be a life-changing experience. Yes, you can be free...if you want to! Dr James Wesley Smith is known for his versatile blending of musical genres and the powerful message of Jesus' healing love and power for deliverance and restoration. His publications, teachings, music tapes, CDs and DVDs facilitate the ministry being heard and viewed in many parts of the world. His prophetic declarations call the Church to a steadfast commitment to holiness and to ministry setting the captives free. His ever-expanding, unique, and anointed healing ministry to the whole person glorifies God and brings unity and spiritual renewal to the Body of Christ.

If You Want It - Kathryn Lively 2017-03-10 The days when people called Winnie Segal, “Sea Cow,” are long over. She’s still a big gal, and everybody around her’s gone all PC and “Yay, body acceptance,” but once in awhile something dredges up a bad memory. This time, the trigger is Cory Levane, former high school star quarterback, current NFL legend and former high school crush. After a triumphant career, he’s come home to show off—or so Winnie thinks. She’d rather design and sell her artwork than give a damn, yet the garden in which she grows her damns thrives. After one month of early retirement, he’s climbing the walls. He thought coming home would provide cheer and inspire him to plan his future, but people treat him like a celebrity instead of an actual person. He’s happy about one thing, though: Winnie Segal hasn’t changed—she’s still gorgeous and funny as ever, and talented. If he weren’t so damn tongue-tied around her he’d let her know. The opportunity to work together on a project has Cory anxious to get closer, and leaves Winnie suspicious of his motives. She keeps a tight hold on her heart, and Cory knows it will take more than his football skills to get her to pass it to him.

**If You Want to Get Rich Build a Power Niche**
Bruce M. Stachenfeld 2019-01-01 If You Want to Get Rich - Build a Power Niche is the magic bullet written by a rainmaker lawyer, “not” an academic in an ivory tower, that shows readers how to implement the strategic marketing process of building a Power Niche step-by-step. Any individual, regardless of their experience level, can potentially build a multi-million-dollar business by implementing the strategic marketing process of building a Power Niche. The Power Niche is based on the theory that ownership (monopoly power) in a small niche is dramatically stronger than having little or no ownership in a larger market. If You Want to Get Rich - Build a Power Niche explains in easy-to-understand terms a very simple but effective way to augment the sales and marketing program of almost any individual and company. From startups to larger established companies and firms, this technique can be used by individuals at the beginning of their careers or by sales superstars who want to do even better. The technique shown in If You Want to Get Rich – Build A Powerful Niche can also be implemented by professionals who work in personal services industries such as legal, financial, insurance, consulting, and accounting firms or by those who work to sell and market products. Unlike other “how-to” books, this guide is derived from the
actual day-to-day experience of one of the most successful real estate lawyers in the toughest market for legal services in the world: New York City. Although this concept has certainly been proposed before, Bruce M. Stachenfeld, Esq shows readers exactly how to build their power niche and find success.

Don't Tell the Milkman If you Don't Want Him Tell Tell The World - Johanna Sparrow 2014-05-06 People will do whatever they can to bully you into doing what they want you to do, including exclude you from others you know, tell your most trusted secret, lie, and even spread rumors from one person to another, all in an effort to hurt you. We are all familiar with the milkman characters from decades back. He came to your door with fresh bottles of cold milk, but that wasn’t all that he carried with him. His day consisted of going from house to house, with a wealth of secrets, rumors, and lies he picked up during his daily rounds. He was just like people you know who go around and talk behind your back, all to make you look bad and feel humiliated, by saying, “The milkman said you did...” You may be asking, “What did I do to deserve this?” The answer is, nothing. You did nothing to deserve this treatment. Some folks are just not happy, so they use a tactic called “relational aggression” to gain control over others. If you are not sure who these folks are around you every day, this book will help you to identify who and where they are in your life, and how to stop them by using positive tactics. Don’t Tell the Milkman If You Don’t Want Him to Tell the World is a book that focuses on rumors, secrets, lies, and gossip spread by people you know, and don’t know, in aggressive and non-aggressive manners. I, just like you, have had my fair share of dealings with the milkman.

If You Want to Lead, Not Just Manage-Dennis R. Dunklee 2000-03-13 This book is premised on the conviction that being a successful principal is more than being a good manager. Becoming an effective school leader means understanding the culture as well as acquiring the technical skills. The book discusses the personalities and value systems that school leaders need to succeed. It is designed for first-year administrators and graduate students who will find it a gauge in
determining what it takes to become a successful principal. In the textbook world, schools and school districts are described as a culture that places high value on, and supports and enhances, openness, high trust, caring, and sharing. It is a culture that strives for consensus but supports and values differences, and that advocates human growth and development. However, in the real world of schools and school districts, principals may eventually achieve the textbook definition, but they will have to earn and maintain that right. This book is designed to help the reader find the starting line to becoming an effective principal. It is designed to teach prospective and current administrators how to lead rather than just apply technical skills. Key issues include matching one's personality with the role of principal; navigating the school culture successfully; changing the organization without alienating the culture; and marketing oneself as well as the school. (Contains 16 pages of references.) (DFR)

**If You Can Count to Four - How to Get
Everything You Want Out of Life!**
-James Breckenridge Jones 2016-02-20 How To Get
Everything You Want Out Of Life There are basic
laws in this universe that will work for you if you
know how to apply them. They work for anyone
who knows they exist and how to use them. The
law of electricity works for all of us. We can burn
your house down with electricity or you can light
your home with it. You don't have to be a genius
to do it. A child three years old can push a button
and turn the lights on. Millions of people have
been taught to believe that the rules of success
are indeed so very difficult and complicated that
surely they could never learn them. I found out
that anyone can be genuinely successful if he will
learn the exact same "rules" that the successful
people learned and use them. Scroll up to get

If You Want to Soar with Eagles, Don't Hang
Out with Turkeys-Lois E. Scott 2010-06-07 Lois
E. Scott has generated and collected pithy one-
liners for the past 50 years, gems that her
husband Fred refers to as LOISisms. These one-
liners can cut through the froth to the heart of a
topic with wisdom, common sense, and often
humor. They may give comfort to a hurting
person, or challenge a teenager as he or she
struggles to deal with this world. With these
gems, she has guided and instructed three sons
and eleven grandchildren and their friends. She
is now working on seven great-grandchildren.
Friends and family have enjoyed and have been
challenged by her kitchen bar stool ministry.
Hopefully, these gems will give the reader a
laugh or two, or as the Christian comedian Ken
Davis would say, “Lighten up and live!” If you are
a believer in Jesus Christ, these gems may
provide some food for thought as you live your
life and raise your children. If you have not yet
come to a saving relationship with the living
Christ, hopefully some of these gems will
challenge you to contemplate your relationship
with Him, and hence your future beyond this
limited time you have on this earth.

Ueland 2021-05-31 Brenda Ueland was a well-
known lawyer, feminist activist, writer, and
journalist. If You Want to Write is her most
famous work. It is a classic study of the essence
of literary creativity and its techniques. When

power....? Because there is nothing that makes people so generous, joyful, lively, bold and compassionate, so indifferent to fighting and the accumulation of objects and money. "

The Elements of Style. If You Want to Write. Illustrated-Brenda Ueland 2021-06-16 For anyone who desires to become an author, two classic books share the necessary elements of creative writing and the habits and processes to make your writing successful. Professor William Strunk published Elements of Style at the end of the First World War. This book inspires us to write well while immersing readers in the atmosphere of a gentlemen’s writing circle where we can almost smell the chalk and tweed. The professor encourages the writer to write well, if for no other reason than to escape his stern reprimand. If You Want to Write is Brenda Ueland’s classic exploration of the essence and art of literary creativity. She believed that only by expressing one’s creative spirit can we become "generous, joyful, lively, bold and sympathetic". William Strunk: The Elements of Style Brenda Ueland: If You Want to Write
